Subject: Fwd: U.S. Postal Service Track & Confirm email Restoration - 0301 0120 0000 6387 8270

I'll print the e mail for the file. The Post Office doesn't know what happened. There's no record of it being delivered to Mr. Powell or of it being returned to us. I asked if they might have mistakenly put the letter in the box, and there's a chance that might have happened. That would explain why there's no record of anything. The letter was sent to his street address but was delivered to a PO box. His PO box is 253.

I think we need to re-do the letter with different dates like you suggested. Could you also put a note in FoxPro? Thanks.
